Join our Trustee Board!

Transforming People's Lives is looking for two new Trustees to join our board. We are looking for people with experience of fundraising and communications.

Transforming People's Lives is looking for two new Trustees to join our board.

We are looking for people with experience of fundraising and communications. Trustees meet regularly during the working week throughout the year in-person in South Woodford so being within easy access to that location is important. Attendance at the fundraising events is important as is a strong network. For an informal discussion, please email info@transformingpeopleslives.org
